

Spring assessment observation sheet

Nursery

Communication,
language and literacy

Child's name _____ Practitioner _____ Date _____

Throughout the assessment, you should give the child a reasonable length of time to answer each question.

- In response to open-ended questions, you should **accept any relevant answer(s)**.
- If the child does not respond, move on to the next question without selecting an answer.

There is space to record how **confidently** and **independently** the child answered each question. You can use the 'Notes' sections to record any extra useful information. For example:

- the child's response
- strategies used by the child
- the child's behaviour
- strategies used by the practitioner

For questions 16–18, you will need a selection of books for the child to choose from.

This assessment is designed to be enjoyable and part of a child's everyday learning. Use your professional judgement and knowledge of the child to decide how much of the assessment the child completes.
