Living things and their habitats	7
Plants	2
Animals including humans	5
Uses of everyday materials	5
Working scientifically	2

Question breakdown

Q	Reference
1	B2a explore and compare the differences between things that are living, dead, and things that have never been alive
2	B2a explore and compare the differences between things that are living, dead, and things that have never been alive
3	B2h find out about and describe the basic needs of animals, including humans, for survival (water, food and air)
4	B2c identify and name a variety of plants and animals in their habitats, including microhabitats
5	B2c identify and name a variety of plants and animals in their habitats, including microhabitats
6	B2d describe how animals obtain their food from plants and other animals, using the idea of a simple food chain
7	B2b identify that most living things live in habitats to which they are suited
8	B2c identify and name a variety of plants and animals in their habitats, including microhabitats
9	WSYb observing closely, using simple equipment
10	B2g notice that animals, including humans, have offspring which grow into adults
11	B2f find out and describe how plants need water, light and a suitable temperature to grow and stay healthy

Q	Reference
12	B2e observe and describe how seeds and bulbs grow into mature plants
13	WSYb observing closely, using simple equipment
14	B2i describe the importance for humans of exercise, eating the right amounts of different types of food, and hygiene
15	B2i describe the importance for humans of exercise, eating the right amounts of different types of food, and hygiene
16	B2i describe the importance for humans of exercise, eating the right amounts of different types of food, and hygiene
17	C2a identify and compare the suitability of a variety of everyday materials for particular uses
18	C2a identify and compare the suitability of a variety of everyday materials for particular uses
19	C2a identify and compare the suitability of a variety of everyday materials for particular uses
20	C2b find out how the shapes of solid objects made from some materials can be changed
21	C2b find out how the shapes of solid objects made from some materials can be changed
